

## Hafod Farm - Herding Fun Days!

This is a very informal, no frills, day of herding training and working.

You will have the option of watching other people work, or doing your lesson in private.

We can work on whatever you feel you need, but I may suggest other aspects that need attention

We will work morning and afternoon, and during a long lunch break, I will do a Q & A session.

Work sessions will be about 20-25 mins am and pm.

I have round pen, arena size and medium fields to work in, no long outrun practice possible.

You will be signing a waiver on arrival.

Bad weather will cancel as good footing for sheep/dogs/people is important to me when training.

Parking will be tight.

You will have to bring your own food/snacks. Dog water will be available.

I can provide water for humans to fill personal mugs.

Many food sources close by if you need anything.

Return this completed sheet to me to reserve a slot, with check.

If weather cancels, I will return or destroy the check. If you need to cancel, I will refund if I can fill the spot.
