

The NEBCA Education committee presents:

An Evening with Warren Mick on **How to Identify and Prevent Early Training Problems**

When Friday April 16th 7-9 pm

Where On Zoom.

Description: This seminar will review a few undesirable learned behaviors that can crop up in the early stages of training. The three most common of these are not stopping, not calling off and diving into the stock. Each of these issues can impede or prevent progress and usually become increasingly difficult to resolve the longer they persist. The seminar will cover how to identify and fix these behaviors and more importantly, how to prevent them in the first place.

Limit 15 people

Cost \$10
