JULY SUPPLEMENT

MEETING MINUTES

CUMMINGTON, MA SHEEP & WOOL FESTIVAL May 26, 1990

Meeting was called to order by President Steve Wetmore at 4 p.m.

It was reported that the new bylaw passed with no opposition:

"A Trials Committee consisting of six members and the President of the Association will act to regulate, oversee, and help schedule Qualifying Trials, and to set criteria for the management of the High-Point System and the Fall Foliage Championship Trial.

The six members will be appointed by the President with two members serving one-year terms, two serving two years and two serving three years on a rotating basis. No more than two members will have their terms expire at the same time.

At the end of a member's term, he may be reappointed, if willing to serve again."

Pamphlet

The members present were asked to come up with ten reasons to join NEBCA - these will be added to the back of the pamphlet. Beverly Lambert will 'polish' the list

and have 2000 pamphlets reprinted.

- 1) Advance notice of puppy days, trials, etc.
- 2) NEBCA puppy days free to members
- 3) Newsletter (training articles, ads, etc.)
- 4) Promotes the working Border Collie
- 5) Breeders listing
- 6) Lending library and videos
- 7) Eligibility to run in the Fall Foliage Championship and Futurity
- 8) Nursery trial system
- 9) Contacts with sheep people
- 10) Contact with all of the great Border Collie people

Calendars

Steve reported that the 1991 NEBCA calendar is available. Costs are as follows: less than 10 calendars are \$6.00 each, 10-20 calendars are \$5.00 each, 20 or more are \$4.00 each. Individual calendars are \$6.00 + \$1.00 postage through Steve Wetmore or calendars can be purchased at most trials.

Steve reported that an invitation has been sent to Patty Rogers, Secretary of the American Border Collie Association to invite the ABC to the NH Championship on September 29 for their annual

meeting. No reply has been received as yet.

Futurity

The Futurity will be held at Fern Hall (to be approved by the Trials Committee) during the Fern Hall trial. There will be three runs and the judge will be the same as the Fern Hall trial judge. There are 5-6 dogs entered in the Futurity and Bev wants NEBCA to pay for the Futurity so that the Futurity can pay out all of the entries. The Futurity will pay the top two dogs (1/3 entries). It was motioned that NEBCA pay \$300.00. This passed.

There are 12 dogs entered in the 1991 Futurity; the dogs must be born after 9/15/88.

Nursery Trial Committee

Discussion was held on where a dog must run if it runs in a higher class than it has to. As it stands, the dog can move back down as long as it does not place in the higher class. Pertaining Minutes of the Annual Meeting were read by Steve.

Walt brought up that the Canadians would like the wear to become optional in the Novice-Novice Class; they

EDITOR'S NOTES

On a personal note, as we write this, Walt Jagger is going into the hospital for surgery. Our best wishes for a speedy recovery go out to Walt. We encourage you to send your best wishes to Walt and his family over these next couple of weeks as he recovers.

Also, on a personal note, we should extend our best wishes to Bernie Stahl. I am sure that some of you have seen him at trials lately, and he continues to work as hard as always to help out the trial manager to put on a successful trial. The difference -- Bernie underwent open heart surgery in early May. What an amazing

recovery he has had. If you happen to see him at one of the upcoming trials, we encourage you to extend him your best wishes for a continued speedy recovery.

In this issue, we have listed all of the trials that were held in the month of June. All of the Trial Managers except for the Willow Bend Trial have sent us their results directly. Willow Bend is reported here second-hand and may be subject to change when we hear directly from the Trial Manager.

Please, all Trial Managers, send us your trial results.

Discussion was also held on increasing the points needed

CORRECTIONS -- 1990 APPROVED TRIALS

Over the last several weeks, there has been some confusion between these two editors and the Trials Committee. IN THE FUTURE, WE WILL TAKE NO NOTICES OF TRIALS OR PLANNED TRIALS FROM ANYONE BUT THE CHAIRPERSON OF THE TRIALS COMMITTEE.

This piece is intended to set the record straight on all 1990 Qualifying Trials. The Trials Committee has reviewed and approved 34 trials for the 1990 Season. We will continue to post all trials that we know about in the Northeast, but only this list constitutes Qualifying Trials.

to move up in the Nursery Trials - again nothing can be done until the Annual Meeting.

Mike brought up that the points each dog has accumulated towards the Championship is being printed in the Newsletter and wondered if

The first correction is with the May 19 Open Trial in Ontario. We had been advertising it as a Qualifying trial, and we had counted the points for it in the total Accumulated Points in our last issue. IT WAS NEVER APPROVED AS A QUALIFYING TRIAL. Therefore, the Point Accumulation has been adjusted to reflect this fact.

Second, the trial known as Willow Bend, held in London, Ontario on June 2 & 3 had been advertised as a Qualifying Trial. The results are reported in this issue. The Trials Committee met on July 7 to discuss and decide on its qualification. By all reports, the trial was not well managed. In addition, only 4 dogs ran on Saturday and one dog on Sunday. The Commit-

tee decided to disqualify the results of both trial days. Therefore, the Accumulated Points do not reflect the results of this trial.

Third, we have been advertising a trial called Sheep Focus to have been held on July 21 & 22 in Erin, Ontario by Amanda Millikin. Although the date of this trial has not been changed, its name, location, and trial manager have changed (see list of trials). The Trials Committee has ruled that these changes are enough to disqualify it for NEBCA Points. Therefore, it will not be an approved trial for the 1990 Season.

All competitors, please refer to this list as the official list of approved trials for 1990:

doing as the season progresses.

Next meeting will be held at Bittersweet on July 7 after the Open Trial. Meeting was adjourned at 5 p.m.

Editor's continued

Perhaps, it is time to exercise my editorial privilege and print the opinion I have been so vocal about to the Trials Committee. I reject the logic that led to the disqualification of both Willow Bend and Prince Edward County (formerly Sheep Focus)

Willow Bend was disqualified, after it was run, on the grounds that it was poorly run and that there were too few competitors. Doesn't it seem unfair that the competitors are the ones that have lost their NEBCA points as a

result of this decision, but that they had no control over the factors leading to the decision? More importantly, it is this editor's opinion that *TALL GRASS AND LOUSY SHEEP* do not disqualify a trial. Additionally, a "minimum number of dogs" restriction was proposed at our annual meeting and rejected then. How can there now be a unilateral decision that there were too few dogs at this trial? Since the judging was good and there were no irregularities, Willow Bend should NOT have been disqualified.

Prince Edward County is another matter. Since it has been advertised throughout the year as Sheep Focus, run by Amanda Milliken and it is now Prince Edward County run on a different farm by Pat and Roxanne Buckley, it can be argued that there has not been enough time to check it out. However, since Amanda is a part of setting up the trial and has had a whole lot of experience with running trials, it would seem to this editor that we could have been a bit more accommodating to our Ontario Border Collie Club members. Prince Ed-

ward County should have been a qualified trial.

Much of this confusion and dispute has been caused by a lack of communications, and it could have been avoided. It is why I will insist in the future that all information on future trials come to us via the Trials Committee. The trial results are still the responsibility of the Trial Manager, but, if you want your trial to be an approved NEBCA Points Trial, it MUST go through the Trials Committee.

FALL FOLIAGE CHAMPIONSHIP

The Fall Foliage Championship has been set for the weekend of October 6 & 7. The Trials Committee has worked hard to secure a place and a sponsor for this annual event, but there has been very little support. In order to stage our Championship properly, we need a place, enough sheep, a trial manager, a support team, and a sponsor. Finding all of the above has been exceedingly difficult. But they have found several of the ingredients and have established that the Championship will be held at Mike Canaday's farm in Altamont, NY. However, a support team and a sponsor are missing.

WE URGENTLY NEED VOLUNTEERS TO HELP WITH THE TRIAL. If you can help to set out sheep, set up the course, move sheep, announce, exhaust sheep, serve food, or anything else, please contact Becky Peterson (413)624-5562. Let's make this year's Championship a true club project. Here is a chance for many of you who have not been involved in our crazy trial scene to get involved. Come on out, GET ACQUAINTED, join us in making this year's event a real success.

Without a major sponsor, this year's Championship is going to be a low-budget affair. Therefore, we are looking for sponsors to donate prizes. If you have anything that you would like to offer, please contact Becky Peterson, also. Your donation can be any crafts or products that are suitable either as prizes that will be awarded to the competitors or raffled off to cover the expenses of the trial.

In addition to the donations, we are looking for any of you who would like to take out an ad, either in the Fall Foliage Championship Program or in the NEBCA Newsletter at your choice. We would like to have camera-ready artwork, but we can help you put it together if you cannot get it done yourself. Remember, the trial will be well attended by spectators from, at least, the upstate New York area and probably from around the Northeast. We will publish a program that will be handed out at the trial to spectators and competitors alike, listing all competitors and their dogs. We will fill the Program with ads for various businesses and specialties. Also please remember that our Newsletter is delivered to almost 300 homes. For the Fall Foliage Project, all monies received will go

directly to cover the costs of running the trial. Ad rates are as follows:

NURSERY TRIAL COMMITTEE

As of January, 1991, we will be losing three members of our Nursery Trials committee. Let's extend our sincere gratitude to Lynnette Milleville, Rick Trojanoski, and Alison Trojanoski for all of their dedicated hard work. Thankfully, Eve Marschark has agreed to continue on in her capacity on the Committee. But that leaves us short for the 1991 Nursery Trial Season. Dee Woessner has agreed to take one of the three positions, but we still need two more volunteers. If you are interested in participating, please call Eve Marschark (215)795-2023.

Eve can explain to you what you will be required to do. I can only suggest how important this activity is for our club. The Nursery Trial Program is the place for new handlers to get their feet wet. So many of the competitors that you read about as they gain NEBCA Points on the circuit or are in the Championship race got their start in the Nursery Program. It offers a fun way to compete, a fun way to test your skills, a fun way to test your dog's skill. It is THE place where Novice handlers and Novice dogs can gain the experience they need to go on in trialing.

Come on out and help us to keep it going.

Ivyrose Farm Trial Manager: Eve Marschark
P. O. Box 397 Judge: Vergil Holland (NPN Open)
Bedminster, PA 18910 Walt Jagger (Ranch)

Sheep used were Reg. Suffolks, Suffolk lambs, Reg. Montadale ewes. Weather was quite hot and humid on Saturday with a mild breeze on Sunday to temper the heat. Course was a rectangular, flat pasture yielding a 120 yd. outrun for the Open Class. Pressure was confined to just one corner of the field which contained both the holding and exhaust pens. Sets of three sheep were given to each handler, two ewes and a lamb. Advertising in local newspapers brought a crowd of about 150 to 200 on Sunday. Promotional booths were attended by Dad's and Nutro-Max. A tent was provided for the spectators.

On Saturday a lecture on the Effects of Heat Stress on Working Dogs was offered at the lunch break. A knowledgeable researcher, Robert Downey, from Annamaet Dogfood in Sellersville, PA gave a well-attended and informative discussion on how dogs react physiologically to heat while working, and how to prevent and treat heatstroke.

A concession wagon was available throughout both days by the Dublin Lioness Club. The Marschark's 1-1/2 acre pond was available to cool off both dogs and handlers as well.

NOTE: For those of you who are confused as to why some nursery classes earned points at this trial and not others. We had originally advertised it as two one-day Open trials with a Nursery Trial split over two days (i.e., Novice-Novice and Pro-Novice to be held on Saturday and Ranch on Sunday). Just days before the trial it became apparent that there would be enough time to run two full nursery divisions, but since we had not advertised it as such, we would not be sanctioned by NEBCA as a qualifying trial for the extra divisions. This is in accordance with the NEBCA Nursery Trials Rules. Hence, points are only for the classes as they were advertised. Everyone enjoyed the opportunity to run their dogs away from home for the extra time.
