## 1994 NEBCA Fall Foliage Championship

The trial season is fast winding down with but a few trials left to be run. It has been an exciting year with some exciting new dogs running on the circuit, as well as our favorite teams from previous years running strong. There have been added some very difficult trials and the quality of dogs as well as handling cannot help but benefit from the challenge of this competition. In 1994, the Pennsylvania Championship at Hop Bottom saw added days, new tougher sheep and an extended course. The Bittersweet Trial was back again with its large rolling field and Barbados Sheep, Canaday's Trial had a larger course, Foster Fields ran unbroke Kathadins, Steve Wetmore added a new, challenging hillside course with streams and outside sheep that were unfamiliar with his fields and Eve Marschark's new trial had a very difficult course with a marathon drive and cross-drive. (We will have complete trial coverage in the next NEBCA News.)

Those dogs that placed well and are running in the Fall Foliage did not earn that honor by placing well in easy trials! We would encourage spectators to come out and see the best in the Northeast compete against one another for the coveted title of NEBCA Fall Foliage Champion.

This year's championship offers new sheep, a new location, new judging and possibly a new double lift. The 1994 Fall Foliage Championship will take place on

Saturday, October 8th and 9th at Janet Larson's Lamprey River Farm in Lee, New Hampshire starting at 9:00 am. The competition will consist of two standard runs on Saturday and a third run on Sunday, possibly entailing a Double-lift. The dogs and handlers will be challenged by Gene Sheninger's Kathadin sheep which will be trucked up from New Jersey. These are the difficult sheep that were run at the Foster Field Trial over Labor Day and should offer a test to dog and handler alike. This year we have opted for a panel of three judges: Bernie Armata from Esperance, NY, Tom Forrester from Virginia and Doug McDonough from Andover Connecticut. Each will have a clerk of his own and the scores for each run will then be averaged. (Currently, we need clerks for two of the judges and some additional sheep handlers.)

Roger has taken on the thankless task of keeping these points updated. He has done a wonderful job. Remember, there is a total of 30 points necessary before a dog must move out of one nursery class into the next higher level. We have tried to keep these points accurate, but due to the magnitude of the task and the necessity for so much co-operation from the trial managers, there is always a chance for error so please let us know of any discrepancy.

## Northeast Independence Day Trial July 2, 3 & 4, 1994 Canaday Farm, Altamont, New York

This is the second year for this New York Trial. Once again the trial felt more like a vacation camp than a competition. There are always a large number of handlers and they come from a wide variety of states to compete. This year there were handlers from all of New England, New York, Maryland, Virginia, Canada, New Jersey and elsewhere! Fellow handlers donated their time to help judge the nursery classes while the open was judged by Ralph Pulfer. Mike and Pat always have a good amount of food and this year was no exception. There was great food each night and good company all weekend continuing to keep this a favorite trial for many.

The nursery classes ran Mike's wool sheep while the open classes were challenged with his Barbs. The field in open was expanded for the trial making the outrun about 350 yards with the drive and cross drive legs each about 200 yards. The sheep were difficult to shed, and the winning runs were deserving of the credit they received. The results, from Warren Mick, are listed below.

## Joy~Pennsylvania Championship Trials

Contestants from 10 states and 12 Canadian provinces gathered for a three day trial at Sheepy Hollow Farm in Hop Bottom, PA for the 13th annual Pennsylvania State Championship Trial. This years trial was again ably judged by Bud Boudreau from Marcus, South Dakota.

The sheep were first time dogged Kahtadins, very challenging but capable of being handled if not pushed too hard. Beautiful, hot, sunny days blessed with a slight breeze were near ideal weather conditions as about 280 nursery and open dogs competed for over \$4000.00 in prize money plus generous amounts of dog food supplied by the sponsor, Joy Dog Food.

A delicious barbeque was served by the Universalist Church of Brooklyn, PA who also provided other excellent snacks and food. A dinner Saturday night, organized and run by Eleanor Jagger, provided about 120 people with food and drinks of all kinds. A huge tent with bleachers provided shelter from the sun.

All seemed to enjoy this long-running trial. The results are as follows:

## Breeders Directory\*

This listing of breeders of Border Collies is for informational purposes only and in no way represents an endorsement of these breeders by the Northeast Border Collie Association. When making inquiries for purchasing a pup, NEBCA strongly recommends selecting from sound, proven, working stock. We suggest you see both parents work. If you are not able to see the parents working at the farm, do attend the trials and see them working there. Watch for trial results and seek the advice of experienced handlers. \*Not all breeders listed here are handlers.
