

Sugar Bush Gap Setout Clinic May 31, 2025

Description: The setout clinic with Carolyn West will focus on learning to set out and also practice performing other trial related tasks such as push out and exhaust. Participants will work in groups and get lots of opportunities to practice setout, other trial tasks and outruns. This will be a very active, on your feet clinic for everyone.

Who can participate? Dogs must have a good stop, down and recall and be capable of performing trial tasks. Participants at any level are welcome to come and start developing these skills. If you are interested but don't have a reliable dog, you can audit the clinic. Participants can only work one dog at a time but may work different dogs during the day.

Where and when The clinic is **Saturday May 31** starting at 8 am at Sugar Bush Gap in Windsor NY (see driving directions below). If interested, send in a registration form with full payment of **\$100** or \$40 audit fee. Working clinic spots are limited, entries will be taken in the order they are received.
